

You and your partner will have a conversation in Spanish. In the conversation you need to:

- Each say hello based on what time of day it is
- Each ask for the other person's name
- Each give your name
- Each say nice to meet you
- Each say good bye

\*Bonus\* In your conversation you can also:

- Each ask how the other person is doing
- Each tell how you are doing

You will have the conversation in front of your teacher Friday. You will NOT be allowed to use any notes during your conversation. Plan out what you will say on the lines below.

Practice what you have written above ALOUD with your partner. Practice with your script the first few times, then try to without it.
